Husband and Wife Reconciled.

From the New York Times.
NEWBERG, N. Y., July 28.—Mr. and Mrs. William J. Roe, whose divorce case has occupied public attention for nearly three years, have become reconciled. Mr. Roe has rented his elegant residence in the suburbs of this city, and it is stated the reunited couple will make their home elsewhere, away from the community where their disagreement was made so public. The reconciliation is the theme in all the aristocratic circles of this vicinity. The prosecution of the divorce suit on the part of Mrs. Roe, the plaintiff, was conducted with great bitterness. She sought a separation because of ALLEGED CRUELTY on the part of her husband. A decree of separation was granted by Judge Dykman, before whom the suit was tried. The General Term affirmed the decree, and the case was on its way to the Court of Appeals, at the time of the reconciliation. Mrs. Roe at one time had her husband confined in the Newburg Court House for his failure to pay allowances ordered by Judge Dykman. Mr. Roe was released after some weeks by Judge Barnard, who held that the allowances in question had been ordered paid during the pendency of the suit, and as the decree of separation had then been rendered, Mr. Roe could not be required to pay them longer. The rival lawyers of the former litigants are now engaged in preparing papers looking to a disposition of the late suit on the records of the courts.

THE DECREE OF DIVORCE, and various other orders, commanding the payment of alimony, large bills of costs, etc., now stand on record, and orders vacating these and making them null and void are said by counsel to be necessary. The case has attracted wide attention and has cost a fortune. When Mr. Roe was in custody for his failure to pay allowances he stoutly declared that if Mrs. Roe would throw herself upon his generosity he would provide for her in the most liberal way, but, he insisted, he would not pay her anything under compulsion. It is believed by some that pecuniary reasons had much to do with Mrs. Roe's desire for a reunion.

Pain an Accidental Condition

From the Contemporary.
Pain, when it is found associated with disease, accompanies it as an accidental condition, but does not precede it as a warning. This fact is well illustrated in the history and growth of certain tumors. A tumor of precisely the same nature will, in one part of the body, be associated with severe suffering, while, if it happens to grow in another part of the body, it will be painless. Nor can we rely upon the presence or the amount of pain as affording any criterion of the severity of the disease. Pain is often severe in quite harmless and trivial disturbances of health, while, as has been already pointed out, it is frequently absent in some stages, and occasionally throughout the whole course of fatal maladies. Indeed, so far are we from being warned off from disease by pain, that it would certainly be more correct to say, with regard to some of our acquired diseases, that we are in a manner lured on to them by pleasure.

A Brutal Exhibition.

The brutality to which pedestrianism has sunk was illustrated by a severe five-hour race in Boston. Near the close of the third day, three of the contestants were so close together that the struggle for the lead became desperate. Croft, a young man from New York, became temporarily crazy from fatigue and want of sleep, and quitted the track; but his trainers forced him to return and he eventually won by completing 271 miles, on a course so small that nineteen circuits were required for a mile. Campana, the old man whose feats in Gilmore's Garden were so awkward and ridiculous, also fell into a condition of mental derangement, and frequently stopped to talk incoherently with spectators; but he was forced to continue, although he sank on the track exhausted, and at the last moment relinquished the second place to Hichborn, a negro.

Row in a Circus.

The Trans-Atlantic Circus had a lively day at Leesville, Ind. Some sharpers who accompany the show, failing in their attempt to swindle a resident with cards, snatched his money and hid in one of the tents. Soon afterward one of the women equestrians stole a watch from a man's pocket; as she passed through the crowd the robbed man fired into the crowd with their revolvers. The showmen retaliated by seizing three villagers, dragging them into a tent, and whipping them soundly with rawhides. This incensed the crowd, and a general fight ensued, in which four showmen and one villager were wounded with bullets.

The famous silver vase, two and a half feet high, and elaborately decorated, presented by the Whigs to Henry Clay in 1814, is offered for sale in Boston by the great man's grandson.

Mr. W. D. Allen, editor and proprietor of the London Times wrote a card to himself the other day complaining of the manner in which one of his speeches was reported for his paper.

Human Hair in Trees.

An owner of timber land in Virginia, on reading in the New York Sun about the finding of some human hair imbedded in the trunk of a tree, writes to say that he has made three such discoveries within ten years. In each instance the saw in his mill struck an iron spike, and around the head of the spike was found a tuft of negro hair, a little yellowed, but sound and strong, although it had been covered up in the wood from 100 to 150 years, as shown by the tree's marks of yearly growth. This gentleman has been told by aged negroes that it used to be a practice among those who believed in voodoo charms to nail some of the proposed victim's hair to a young tree, supposing that a diabolical spell was thus wrought. He finds the race in Virginia to this day very superstitious, and given to equally strange customs.

Surprised into Confession.

Aaron Smith led a mob that hanged George Moore, at Carlisle, Ind., and was complimented by his comrades for his boldness in that outrage. A few nights afterward, a party of fun-loving young men dragged him out of his bed, put a rope around his neck, and told him that his death hour had come. They would have been puzzled to answer if he had asked them what he had done to displease them; but, to their astonishment, he confessed numerous thefts, and abjectly begged for mercy. He is not the popular man that he was before this trial of his qualities.

A News Boy's Exploit.

A Philadelphia newsboy, seeing a locomotive start off by itself on a down grade of the Pennsylvania Railroad, and knowing that unless switched off at a certain point it would meet an express train, undertook to outrun it. He won the race, just in time to tell a switchman and prevent a disaster. Col. Scott rewarded him with a monopoly of the newspaper trade on one of the company's lines, and from it he derived a good income until he died, a few days ago.

Dr. Mintie's Nephreticum.

Dr. MINTIE'S NEPHRETICUM works wonders. In all cases of Dropsy, Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, these troubles are entirely cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back side and joints are cured when all other medicines have failed.

See what the Druggists of Portland and San Francisco say about Dr. Mintie's Nephreticum and English Dandelion Pills: "We have sold a large amount of Dr. Mintie's medicines; the English Dandelion Pills; also the Nephreticum, and in all cases they are highly spoken of and give entire satisfaction."

John A. Childs, Druggist, Second street, Portland.

C. H. Woodward & Co., Druggists, corner First and Alder street, Portland.

Messrs. Abrams & Carroll, wholesale, Druggists, Nos. 3 and 5 Front street, San Francisco, say:

"We regard Nephreticum as the best Kidney and Bladder Remedy before the public." All Druggists keep these medicines.

For all derangements of the Liver, Use Dr. Mintie's English Dandelion Pills. For Biliousness and Dyspepsia, Use Dr. Mintie's English Dandelion Pills. For Fever and Ague, Use Dr. Mintie's English Dandelion Pills. Every family should keep the English Dandelion Pills on hand.

Dr. Mintie's Remedies will not "Cure all Complaints," but will, if taken according to directions, give immediate relief and perfect cure in all troubles for which they are recommended. Ochsner & Shoemaker, Agents.

MARTIN TAYLOR & CO.

The GAZETTE recently exposed the Lawrence & Co. absorption process as practiced in New York. Probably few read the Martin Taylor & Co. circulars from San Francisco, without at once suspecting the nature of their business. Last evening's Virginia Chronicle does good service by investigating the things claimed in their advertisement in the San Francisco Chronicle.

The San Francisco papers contain an advertisement by Martin Taylor & Co., in which the following letter is printed. It says:

VIRGINIA CITY, July 30, 1879.
TO MARTIN TAYLOR & CO.

Bankers,
DEAR SIR: Herewith I enclose you draft for \$10,000, accompanied by the names of forty-three citizens of this place, who request that you will form a syndicate to operate in stock. The present low prices and the variable condition of the market promise a very remunerative investment. If you accept this proposition, notify me at once, as there are many more here who will subscribe. Your obedient servant.

There is no such syndicate of forty-three citizens known of here, and no such draft has been drawn at either of the two banks in this city. The man who signs his name with the stars is probably some wandering astronomer who wants to get his "big dipper" into the stock pool. It is generally intimated by the wise and wary that the "forty-three citizens" who invested—if there are such—will see stars before they get through with the deal. The San Francisco correspondent of the Chronicle telegraphs to-day as follows:

The stock syndicate of Martin Taylor & Co., which has been doing a lively stroke of business in advertising and gathering in the coin of small operators, is attracting considerable attention by its peculiar manner of doing business and the personnel of its managers. The brothers C. & M. McDonald, who recently attained rather unpleasant prominence in connection with the bursted bucket-shop transactions, which were recently ventilated in the Police Court, seem to be leading spirits in the enterprise. Who "Martin Taylor," may be is not quite apparent, but from a statement made by a certain gentleman connected with stock operations, that the elder of the McDonald brothers announced himself to him in reply to inquiries as Mr. Taylor, it is a fair presumption that the latter gentleman is a mythical character. The rule of the establishment that subscribers, on putting down their names for stock, must sign in presence of witnesses, an agreement to the effect that the syndicate shall use the amount subscribed to the best of their own judgement, and be entitled to ten days' notice of withdrawal of the funds, seems calculated to give the syndicate a very large margin of irresponsibility in the event of any annoying complications that may arise in the future.

RESPECTFULLY DECLINED.

The Bi-Metallic League of Chicago sends a neatly printed invitation to the editor of the GAZETTE to send a dollar and become a member of that young and hopeful institution. The main object of the League is said to be "the speedy restoration of silver to its old place as a money metal, with rights of coinage the same as gold, as the most effectual method of counteracting the present and prospective depreciation of the money value of all classes of property, and of securing a specie basis of the greatest attainable stability. It shall be independent of political parties, and limited in its work to the single purpose which calls it into existence. The officers of the League shall be a President, fifteen Vice Presidents, Secretary, Treasurer, an Executive Committee of thirteen, and a Publication Committee of five members; also such additional officers as the Executive Committee may appoint."

We respectfully decline the honor of affording any aid to a scheme which discriminates so fraudulently against the laborer, the miner, the grocery-keeper, farmer, manufacturer, and all classes of society, in favor of the mine owner, as the proposed plans of silver coinage do. A bit of advice is sent in place of the dollar. Let finance alone, so far as the law is concerned. There is plenty of money in the country. Plenty of silver coin, plenty of gold coin and plenty of good paper. Let the good laws of business settle the disputes between the wild financiers who think "flat" can stretch silver further than the business of the world naturally does.

The Martin Taylor & Co. stock syndicate, whose operations are described at length in another column, has come to a sudden end in San Francisco, as will be seen by our special dispatches to-day. Some victims may yet be heard from in this section.

The Lyon county Times tells a tough story about a week ago that was sent to a lady caught in a trap, and a water being scarce, exposed the captive to the sun for one hour, causing its death.

STATE NEWS IN BRIEF.

Dog fights are frequent in Carson. Eureka has prohibited stovepipes through roofs.

Thunder storms are becoming frequent in Eureka.

A dust storm of unusual violence visited Eureka last Tuesday.

If the people of Austin all tell the truth, Austin is haunted by ghosts.

Austin has a case of burglary, committed by boys of six and eight years.

Another Chinaman has been arrested in Carson for selling liquor to Indians.

Little boys of Austin practice with the lasso on the stray pigs in the streets.

One hundred and five patients were treated at the Storey county hospital during July.

It is stated that the Indians near Genoa are nightly holding religious meetings for rain.

Hattie Randall is the pet of the Comstock "boys," but Von Berg is considered "the boss" walker.

Thirteen of the Comstock mines paid out \$193,436 12 for labor, material, etc., during the month of July.

Ore assaying from \$50 to \$500 per ton is being found in the old shafts of Como, at depths between 25 and 150 feet.

So many grasshoppers have jumped into Tahoe this summer, making food for the fishes, that the angling is not good.

Mrs. Puggard, proprietress of the Bonanza Hotel, Sutro, absconded from that town Tuesday, leaving her bills unpaid.

One hundred tons of ore were run through one of the Richmond furnaces Sunday last, the largest amount ever smelted in twenty-four hours in the district.

A stock rancher named Gilman, says the Times-Review, was compelled to abandon his ranch on Dry Creek a few days ago, on account of the scarcity of water in that vicinity.

Al Skinner, formerly of Virginia, won a \$250 foot race in Eureka last Sunday afternoon. He has since skipped the town, the Leader says, having bled the boys to the tune of \$700.

An immense rainfall occurred out on the Hamilton road Tuesday. Those who came in from that section informed the Eureka Leader that it was the most violent storm within the memory of the oldest settler.

Carson was aroused at a late hour Monday night by the quarrel of a young couple in a lodging house. The screaming wife into submission. The proprietor made them pack in the night and depart.

The Virginia City Reform Club gave a calico ball at National Guard Hall, Tuesday evening, the attendance being quite numerous and highly respectable. Mrs. Warren J. Sheridan was awarded the prize for the handsomest calico dress.

A New York lady has petitioned Gov. Kinkaid to obtain from John W. Mackay a gift of \$1000, to be expended in the musical education of her three talented daughters. The petition was accompanied by a clergyman's certificate of her good character.

Adolph and Charles Sutro were, a few days ago, arrested on a charge of malicious mischief, preferred by the lessee of the picnic grounds at Sutro. The Sutros had caused his dance platform to be torn up because he had failed to pay his rent. They were discharged.

An eccentric and probably intoxicated gentleman shocked the modesty of Eureka, by appearing in the street attired in coat, vest and hat, but without those lower garments which custom requires gentlemen to wear in public. He was committed to a lodging house.

Joseph Zarger made a brilliant stroke with a billiard cue last Monday evening, at Eureka. It fractured Angelo Proff's skull, inflicting a fatal wound. Their companion players were afraid to swear out a complaint against Zarger, and up to Tuesday night he had not been arrested.

Hub Parker, Captain of the Carson Guard rifle team, won the second prize, a handsome gold medal, at the recent match of the California Pigeon Shooting Club. He shot 11 out of 12 single birds, and 5 out of 6 double birds. Crittenden Robinson took the first prize with a clean score.

Eureka single lady alarmed the neighborhood by her screams that there was a man under her bed. Men and women flocked into the house, and found woman in dishabille on parlor floor. Expedition organized and bedroom explored. Search revealed usual utensil and stove-pipe hat—nothing more. Man supposed to have escaped during the confusion.

The walking match is of absorbing interest to Virginia. One old fellow sat in the Opera House all yesterday morning, and about noon pulled a lunch out of his pocket and commenced eating, with the evident intention of putting in the day there. The boys were so amused, but Von Berg was so affected by the incident that she gave the enthusiast a bottle of ginger beer.

WIFE BEATING.

Carson's Wife-Beater Punished—Tied to a Post in the Street and Labeled "Wife-Beater."

James McCarthy was tried at Carson yesterday morning on the charge of beating and otherwise abusing his wife. The wife was reluctant to appear against him, but was called to the stand and obliged to testify. She tried to shield him, saying that her injuries were caused by a fall, but other evidence proved that McCarthy had beaten and kicked his wife unmercifully. He was found guilty under the provisions of "An Act to prevent cruelty to women in the State of Nevada," and was sentenced to be

TIED TO A POST in the street for two hours, with a placard bearing the words "Wife-Beater" affixed to his person. The Act referred to was approved Feb'y 21, 1877. It is known as Senator Stewart's wife beating law. The Act reads as follows:
Sec. 2. Any male person in this State who is more than fifteen years of age, who shall willfully and violently strike, beat, or torture the body of any maiden or woman who is more than sixteen years of age, shall be deemed guilty of a misdemeanor, and upon conviction in any Court of competent jurisdiction, shall be sentenced to be firmly tied or lashed in a standing posture to the post or pillar described in section one of this Act, and shall be kept in such tied and standing posture for a period of not less than two hours nor more than ten hours in the daytime of any day, except Sunday, and it shall be the duty of the Sheriff, Constable, or other peace officer who shall be detailed to enforce the sentence of the Court, to fasten upon the breast garments of the culprit a placard bearing in large Roman characters the words

"WOMAN-BEATER," or "Wife-beater," as the case shall be; and it shall also be the duty of such peace officer to see that said placard shall not be removed from the person of the culprit at any time during the hours of his legal confinement to said post or pillar.

The Carson Tribune gives the following account of the execution of the sentence and the subsequent proceedings:

In accordance with the above sentence Constable Stern and Deputy Sheriff Powers had a post erected opposite the Court House, near the Capitol fence, and to this they securely tied the culprit, his person facing the sidewalk on the west, with a large placard placed on his breast, bearing the words "Wife Beater." The novelty of the exhibition with its humiliating effect upon pride and propriety caused many expressions from those who thronged the sidewalks in the immediate vicinity. Some said it was cruel, and others said, "Serve the brute right." It was indeed a shocking sight, and sufficiently so to turn the refined eye in an opposite direction. While the prisoner was

UNDERGOING SENTENCE

in the broiling sun, and being subjected to the contempt and jeers of the passing crowd, his attorney, Judge Hooley, was busy getting out a writ of habeas corpus, which was accomplished twenty-five minutes from the time he was tied to the post. All hands, including the prisoner, repaired to the District Court room, where the constitutionality of the law was argued by Judge Hooley, General Edwards and Attorney Driesbach. After listening to the arguments Judge King decided that the law was unconstitutional, on the grounds of providing for an unusual and cruel punishment. So the wife-beater was turned loose. Thanks, however, for the zeal of our officers, the wretch was made a public example of.

The Fire Engine House—A Useful but Beautiful Addition to the Plaza.

The Trustees of the Fire Department have been paying ten dollars per month for ground rent for the engine house. It stood among a lot of wooden buildings and was in constant danger of being disabled by a sudden fire. The railroad company gives the right to put the house on the plaza flush with Virginia street for a nominal rent (five dollars per year). It will there be in the center of the town and can be reached quickly, and will never be burned unless everything else goes with it. It is not an ornament to the plaza but it seems to be the best that can be done at present. Lots that are suitable cannot be rented for less than \$30 to \$25 per month. Mr. McFarlin says he would not give up the lot where it stood before for \$25, as he needs it and others are of the same mind. Some public spirited citizen might do himself honor by contributing a lot to the purpose. Reno never has had much profit from public bigness thus far. A coat of paint would improve the appearance of the building.

Car Load of Wood Burned.

The local train for Carson was detained an hour and a half on the road last Tuesday afternoon by the burning of a flat car and its load of wood. The fire was caused by a spark from the locomotive. Both the car and wood were entirely consumed. The train men fought the fire, and prevented it from spreading to the other cars. The train did not arrive at Carson until six o'clock.

Court of Justice Young.

The case of the State versus Irvin will continue. The action is brought on a charge of malicious mischief. Irvin is alleged to have flooded the brick yard and kiln of Alfred Jones.

A HEALTHY TOWN.

Moral and Physical Well-being—Peace and Quiet Prevail.

Reno is so healthy now that the doctors are all disgusted. Some of them are going off into the mountains as a relief from the prevailing stagnation. A doctor's practice could be bought here now at a low figure. Even a long established medical route would go cheap. There is no yellow fever, nor scarlet fever, nor any other fever about, either plain or colored; no diphtheria, no small-pox, no measles, and no whooping cough. The sanitary condition of the town is the worst that a physician could honestly desire. A vulgar good health prevails. Morally, too, Reno is remarkably well at this time. No scandals vex the peace of the community. There have been no arrests for bucks, save a drunk or two. The tar bucket is rotting in its forgotten hiding place; its hoops loosened, and its ball detached. And the tar brigade, the heroes of the black night and guardians of Reno's morals, no longer sit in judgment upon the disturbers of the peace and purity of the town. The purifying tar no more coats the sneak thief or wandering vagrant. No feathers float in the midnight breeze as it wanders over the sleeping town. Reno was never so healthy, so moral, so dull as now.

The Mechanics' Union Trouble.

The Union men arrested at Virginia for threatening engineer Clark were on trial yesterday and the case was continued until to-day. The Virginia Chronicle is informed that all the engineers in the employ of the V. & T. R. R. Co. belonging to the Mechanics' Union of Ormsby county have withdrawn from that organization, and that at the next meeting of the Storey County Union all the engineers who are members of that body will also withdraw. In the meantime Clark continues to run his engine, and murmurs are heard among the mechanics of an intended desertion upon the railroad company. The railroad authorities express themselves as anxious for peace, but yet determined to maintain the position they originally took. No negotiations, they say, have yet been set on foot, between them and the Union, but they are in hopes that a settlement will be brought about in that way in the end.

A Bible Story.

A discussion arose in a beer saloon this morning as to who was the first man created upon the earth. The prevailing impression among the crowd was that Adam was the first man, but one individual was positive that such was not the case. They all agreed to abide by the Scriptures as authority. After considerable difficulty a Bible was procured, and the story of the creation read. The positive man still held out that the Bible didn't say that Adam was the first man. Other men might have been made before Adam, and not have been mentioned, he contended. What a juryman he would make.

A Work of Art.

The monument erected by Mrs. Norton at her late husband's grave is of a very elegant design and of superior finish. It is of the Gothic order surmounted by an urn bearing a wreath of flowers. The base is of Penryn granite, with two inscriptions and the square and compass carved on it. It was executed by the firm of Aiken & Fish, Sacramento, and is very creditable to all concerned.

Henry's Retort.

Henry Johnson stopped a GAZETTE reporter on the street this morning and called his attention to this query in the Journal: "What would the GAZETTE do if Johnson (Hagerman's) should die or go away?" "The question that bothers me," said Henry, "is, what would Reno do if the Journal should die or go away? Tumble down, I expect, wouldn't it?"

A Case of Insanity.

The Modoc Independent relates that Miss Mary E. Hornbeck, of Surprise Valley, has become deranged. She is about nineteen years old and attended Bishop Whittaker's School for girls at Reno, up to Dec. last, when she returned home. Symptoms of insanity soon were observed by her family, and as she has been growing worse, she was recently sent to Stockton for treatment.

SPECIAL TO THE GAZETTE.

THE SINFUL SYNDICATE.

The Martin-Taylor Combination Gobbles Up \$100,000 and Goes to Roost.

Large Fire at Oroville—The Case of Memphis—Capture of Chinese Smugglers—Another Victim to Carelessness with Coal Oil.

The Swindling Syndicate Broken Up.

SAN FRANCISCO, Aug. 7.—The Syndicate firm of Martin Taylor & Co. was attached this morning by M. E. Sperling for \$225. No funds could be found by the deputy sheriff in the office or anywhere else. McDonald, the manager, says he is not an owner in the concern. This deliberate swindle, though exposed by the Bulletin and the Call, has succeeded in fooling old women and men with more money than brains out of, at least, \$100,000. To-day a lot of women are in the office demanding their money, but are shown where they agreed to allow ten days before payment, and had to be satisfied with that. There is no show for any one getting money back, as the whole operation was fraud from the beginning; operated by swindlers who had, on more than one occasion, been before the courts for fraudulent practices.

Chinese Smugglers Caught.

PORT TOWNSEND, August 6.—A sloop owned by a Chinaman, Captain Ang Chang, was seized on the 29th of July by the Customs Inspector, Izelt, of San Juan, assisted by the officers and crew of the revenue cutter Wolcott, on information furnished by P. R. Hubbs of smuggled goods being found on Stuart's Island.

Burned to Death.

SHASTA, August 6.—A son of U. Engle, of Igo, Shasta county, was burned to death last evening. The boy, who was about ten years old, attempted to light a fire in the stove with coal oil, when the coal exploded and set him on fire. The house was also set on fire, but the fire was extinguished.

The Situation at Memphis.

MEMPHIS, August 6.—Seventeen new cases in all—ten white and seven colored—were officially reported to the Board of Health for the twenty-four hours ending at 6 P. M. In addition to these, five other cases of colored people sick with the fever, were brought into the Board of Health office after the regular report had been made out.

Fire At Oroville.

OROVILLE, CAL., Aug. 7.—The dwelling and barn of John Oryette, eight miles south of town, including a large amount of grain, was burned at eight o'clock last evening. The origin of the fire is unknown, but supposed to be incendiary. Loss \$10,000; insured \$7000.

The great English remedy—has made more cures of Nervous Debility, Seminal Weakness, Lost Manhood, nocturnal emissions, lassitude, inability for mental labor, despondency, and such diseases as are induced by youthful follies and excesses, than all other medicines combined. It is not a stimulant nor excitant, is perfectly safe to take, is not a quick nostrum, and produces results that are wonderful. Why will you suffer? Send to A. E. Mintie, M. D., No. 14 Kearney street, San Francisco, or the Restorative, and be cured. Price, \$3 per bottle. Four times the quantity, \$10. Try a bottle. Dr. Mintie treats all private diseases successfully. It is highly recommended by the faculty for all cases of Nervousness, Weakness, Debility, Dyspepsia, Indigestion, etc. It is now introduced to the public of the Pacific Slope by the following certificates of the eminent Dr. S. Dana Hayes, State Assayer of Massachusetts, and Dr. H. C. Landerback, of St. Louis, Mo., both gentlemen prominent in their profession, and which is a guarantee to all buyers of its purity and quality. I can show thousands of letters from private persons from all parts of the Union and Canada, testifying to its merits and the benefit it has afforded, as a family remedy and tonic. Osburn & Shoemaker, agents for Washoe county, will supply dealers at jobbers' rates by the bulk or case at \$1.00 per sample. Also for sale by Plummer & Queen, Druggists, and by John F. Myers, Druggist.

WHY STAY POOR?

Prospecting often Pays; Idleness Never.

The millions of the Comstock were a lucky find. Worthless looking rock is often rich in treasure. At Leadville a simple assay made millions of many. Other bonanzas were least suspected and the discovery of some unknown man. Who is he? At Virginia City, Nevada, assays for Gold and Silver are made at \$1.00 per sample, by CONRAD WIEGAND, formerly the Super-Vising Assayer of the U. S. Mint at San Francisco. The mail will carry ore samples to his office for one cent per ounce. Reports which may be relied on absolutely, come back by return mail, or results are telegraphed when ordered so. All costs, delays and risks in remitting money are avoided by the purchase of our Dollar Remittance Tickets, which pay for all work done in our establishment. We sell these tickets at a discount, when \$5 worth or more are ordered at one time. Small sacks for mailing ore samples also for sale at a nominal price. For further information address C. WIEGAND & CO., Assayers, 107 K Street, Bet. 4th and 5th, SACRAMENTO, CAL.
